- Making more hot drinks without refilling.
- Capable of boiling 8 cups* in one kettle, enough for the whole family's needs.

*A cup of water 210ml

Xiaomi Electric Kettle 2
1.7L enough for 8 hot drinks

Xiaomi Electric Kettle
1.5L enough for 7 hot drinks

Upgraded look open handle design, convenient and effortless

- The vertical open handle shortens the distance between putting the kettle down and pressing the switch, optimizing the movement and making operation more convenient.
- The rounded handle provides a comfortable grip and makes pouring more effortless.

Upgraded thickened aluminium heating plate. Evenly heating, full boiling

- Thickened aluminium heating plate, for more uniform heat distribution, a full boil and safe drinking water.

One-piece seamless body, easy to clean, hassle-free

- One-piece liner with no joints or strainer at the spout, leaving no limescale stains and with a large diameter design for easier cleaning.

Water collection ring lid design

- When the lid is open, condensed water droplets formed by steam contacting the lid fall back into the kettle along the curved surface, preventing hot water from splashing when the lid is opened.

High build quality, exquisite attention to detail

Lever indicator light

Once the lever is pressed, it stays lit until the water is boiled.

Quickly open with one hand

One-touch lid opening saves time and effort.

Wrap-around cord base

Cords are neatly stored.
